JOB DESCRIPTION / CLASSIFICATION SPECIFICATION

Position Title:	Mechanic -EVT Certified				
Pay Grade:	G09	FLSA Status	Non-Exempt		
Department	Fleet	Supervised By:	Fleet Operations Coordinator		
FTE:		Position #:			
Date Established:	07/2019	Date of Review:	6/2023	Date of Revision:	7/2025

CLASSIFICATION SUMMARY

The Mechanic-EVT Certified is a full-functioning maintenance position. Performing maintenance and repair on vehicles and equipment, including light and heavy vehicles and equipment, gasoline and diesel equipment including, but not limited to, vehicles, tractors, mowers, trimmers to name a few. The Mechanic-EVT Certified installs new electronic equipment and performs repairs of existing electronic equipment including installation and repair of safety light bars, dashboard controls, radios, microphones, and video cameras.

This is a full-functioning, mechanic position performing routine and scheduled maintenance. The job requires knowledge of the maintenance, repair, and operation of power tools and specialized diagnostic equipment.

All Mechanic-EVT Certified positions must have their own tools; specialty tools will be provided by the City.

The job requires the ability to maintain a collaborative and cooperative working relationship with elected and appointed officials, other City employees, other organizations, and the general public.

The work environment is a vehicle and equipment maintenance shop environment with some work being done at job sites in a public street environment that includes hazards involving the use of power tools and equipment, moving vehicles, and may occasionally include exposure to adverse weather conditions and traffic hazards. The noise level is generally moderate but with occasional exposure to noisy and/or loud equipment.

The job is an on-call position, responding to emergency situations. Employees designated as immediate response personnel must live thirty (30) minutes or less from their usual daily work site

ESSENTIAL DUTIES AND RESPONSIBILITIES *(illustrative only and may vary by assignment)*

Performs routine, scheduled and emergency maintenance and repair on equipment and vehicles in Fleet Services repair shop and on job site, as needed. Determines if equipment is safe to operate and releases for operation.

Responds to calls of equipment with mechanical and/or safety problems, determining if repairs can be made on site or if vehicle must be towed back to shop.

Mechanic-EVT Certified perform diagnostic, fabrication, and repair work on major assemblies, sub-assemblies, components, parts, and systems including, but not limited to, power and drive trains, electrical, heating and air conditioning, fuel, emissions, brake, steering, hydraulic, and related systems. The Mechanic-EVT Certified position will also diagnose, repair, rebuild, replace or fabricate components of specialized equipment including
