

CITY OF GRANTS PASS, OREGON

CLASS SPECIFICATION

GIS SUPERVISOR

FLSA Status: Exempt
Bargaining Unit: Non-Bargaining
Salary Grade: UC3

CLASS SUMMARY:

The GIS Supervisor is the third level in a three-level GIS Series. Incumbents are responsible for supervising GIS Technicians, planning, implementing, coordinating and administering the City-wide Geographic Information System (GIS) program. Oversees all aspects of the program's structure and design. Responsibilities include planning, prioritizing and assigning work, serving as a department liaison, making budget recommendations, reviewing and approving billings, soliciting bids, authorizing expenditures, preparing regulatory reports and budgets, and coordinating work projects. Incumbents approve and make process control adjustments. Duties may include participation in departmental, City, and community meetings

The GIS Supervisor is distinguished from the GIS Technician by its focus on program coordination, management of GIS software, the more complex GIS responsibilities, and the day-to-day supervision of subordinate staff.

CORE COMPETENCIES:

- ***Integrity/Accountability:*** Conducts oneself in a manner that is ethical, trustworthy and professional; demonstrates transparency with honest, responsive communication; behaves in a manner that supports the needs of Council, the citizens and co-workers; and conducts oneself in a manner that supports the vision and goals of the organization taking pride in being engaged in the community.
- ***Vision:*** Actively seeks to discover and create ways of doing things better using resources and skills in an imaginative and innovative manner; encourages others to find solutions and contributes, regardless of responsibilities, to achieve a common goal; and listens and is receptive to different ideas and opinions while solving problems.
- ***Leadership/United:*** Focuses on outstanding results of the betterment of the individual, the organization and the community; consistently seeks opportunities for coordination and collaboration, working together as a team; displays an ability to adjust as needed to accomplish the common goal and offers praise when a job is done well.

TYPICAL CLASS ESSENTIAL DUTIES: These duties are a representative sample; position assignments may vary.

- Assists in administration of the GIS program by overseeing assigned personnel to ensure efficient, cost effective and safe completion of duties and projects.
- Instructs subordinate staff in the proper methods and techniques to carry out their duties, provides constructive feedback and corrective instruction as needed.
