

CITY OF POCA TELLO

JOB DESCRIPTION / CLASSIFICATION SPECIFICATION

Position Title:	Shop Foreman				
Pay Grade:	G10	FLSA Status	Non-Exempt		
Department	Fleet	Supervised By:	Fleet Operation Coordinator		
FTE:		Position #:			
Date Established:	2/2019	Date of Review:	6/2023	Date of Revision:	3/2025

CLASSIFICATION SUMMARY

The Shop Foreman performs maintenance and repair work on all assigned vehicles and equipment, fuel site, and facility maintenance as needed. The job is differentiated from the Mechanic position by the level of duties and responsibilities required, including providing direction and serving as a resource to other Mechanic positions. This position will cover the Fleet Service Writer duties in their absence along with facility maintenance coordination in the absence of the Facility Maintenance staff.

This is a full-functioning, journey level, Mechanic position performing routine and scheduled maintenance and providing oversight to the mechanical work of other employees. This position will be in charge of the monthly fuel site inspections, maintenance and repairs on the fuel tanks, dispensers, hoses and nozzles. The job requires knowledge of the maintenance, repair, and operation of power tools and specialized diagnostic equipment. Shop Foreman must have their own tools.

The job requires the ability to maintain a collaborative and cooperative working relationship with elected and appointed officials, other City employees, other organizations, and the general public.

The work environment is a vehicle and equipment maintenance shop environment with some work being done at job sites. These job sites could include, but are not limited to a public street environment that include hazards involving the use of power tools and equipment, moving vehicles, and may occasionally include exposure to adverse weather conditions and traffic hazards. The noise level is generally moderate but with occasional exposure to noisy and/or loud equipment.

The job is an on-call position, responding to emergency situations. Employees designated as immediate response personnel must live thirty (30) minutes or less from their usual daily work site.

ESSENTIAL DUTIES AND RESPONSIBILITIES *(illustrative only and may vary by assignment)*

Oversees and performs maintenance and repair on equipment and vehicles in repair shop and on job sites, as needed. Determines if equipment is safe to operate and releases for operation.

Assigns, trains, and serves as a resource to other employees.

Responds to calls of equipment with mechanical and/or safety problems on jobs, determining if repairs can be made on site or if vehicle must be towed back to shop.

CITY OF POCA TELLO
