Date Established:	9/2017	Date of Review:	3/2022	Date of Revision:	7/2025

CLASSIFICATION SUMMARY

The Fleet Manager, under limited supervision, manages the maintenance and repair of vehicles and other equipment and coordinates and administers an automotive vehicle fleet and other gasoline or diesel powered equipment for the City's fleet division. The position provides analytical support in the areas of vehicle and equipment management. The Fleet Manager plans, organizes, monitors and controls equipment inventories. The position determines cost estimates and is ultimately responsible for determining whether equipment can be repaired or needs to be replaced.

The Fleet Manager assists in the development of the annual Fleet Division budget. The job implements and monitors spending for compliance with federal, state, and city standards.

The Fleet Manager is a member of the Fleet Advisory Board. The position ensures completed work is billed to appropriate departments and tracks that payments are received.

The position directly supervises the Fleet and Material Coordinator and Fleet Service Coordinator and indirectly supervises the Mechanic and Welder positions.

The job requires the ability to maintain a collaborative and cooperative working relationship with elected and appointed officials, other City employees, other organizations, and the general public.

The work environment includes an office and field environment. The field environment may include exposure to adverse weather conditions. The noise level is generally moderate.

The job is an on-call position, responding to emergency situations. Employees designated as immediate response personnel must live thirty (30) minutes or less from their usual daily work site.

ESSENTIAL DUTIES AND RESPONSIBILITIES *(illustrative only and may vary by assignment)*
